## --Of Local Interest--

Get ready for winter.

The walnut crop is good.

\$1.50 to Cincinnati Sunday.

Persimmons will soon be ripe.

Look at the label on this copy.

Ber. Rabbit can now hide behind  
the law.

The quail crop promises to be un-  
usually fine.

Jack Frost will soon put in his ap-  
pearance.

It's been an unusually dry summer  
little or no rain.

Only those with nothing else to do  
are talking politics.

If you can't say a good word for  
your town, move out.

The urchin is beginning to figure  
on the "wa nut" hunting.

Bird hunters say the outlook for a  
big partridge crop is good.

Dix river is lower than it has been  
at this season for many years.

If you can't say something good of  
a person, keep your head closed.

Richmond is getting ready for the  
big circus the 21st. So are we.

Rastus was here in force Saturday  
afternoon, but there was no disorder.

The Record boasts of the best county  
correspondents of any paper in the  
State.

Both drinking and stock water is  
being hauled in some parts of the  
county.

Mollie cotton-tail is now protected  
by law. Be careful to conceal those  
you kill.

People living in town must register  
if they want to vote at the November  
election.

Travel to the Worlds Fair still in-  
creases. Many Garrard people are  
figuring on the trip.

If you like The Record, tell your  
friends. If you don't like it, ask your  
enemies to subscribe.

"A listening ear and a silent tongue"  
accomplish more good than all the  
wind bags in a community.

It's time to be selecting the candi-  
dates for Councilmen. There are three  
to be elected next November.

Do you ever speak a good word for  
The Record? (Has it ever spoken a  
good word for you or your's?)

Several merchants have been to the  
city to lay in Christmas goods. They  
show good judgment by going early.

If you know any news items, ring  
up 43 and tell us. We are extremely  
grateful for such a kindness on your  
part.

The residence of Tom Eason in Dan-  
ville, was damaged by lightning last  
week. "Modoc" is an old Lancaster  
man.

Some of our correspondents seem to  
have fallen into a good, sound sleep.  
Wake up, brethren, and let's hear  
from you.

Night prowlers continue to rob gar-  
dens. Is it impossible for the city  
authorities to protect citizens from  
such outrages?

Lancaster has not had a good, old  
fashioned frog strangling rain for  
more than seven months. Yet, the  
lake has plenty of water.

Thieves dug three long rows of  
Judge Burnsides' sweet potatoes the  
other night. This is "only a sample of  
what goes on every night."

Show us the man who says he never  
said anything mean about his neigh-  
bor and we will show you the biggest  
liar this side of perdition.

The political pot has not so much  
as commenced to smoke, and, from  
the present outlook, the boiling point  
will not be reached for some time.

The truant law ought to apply to  
towns of the fifth class. It only  
takes in those town to the fourth,  
so Lancaster is left out in the cold.

The Record appreciates every kind  
word you say for it. Do you think it  
has been instrumental in securing any  
of the improvements we now enjoy?

Capt Sam M Boone, well and favor-  
ably remembered by many older citi-  
zens of Lancaster, lies at the point of  
death at the home of his daughter, in  
Danville.

If you need job printing, call up 43.  
We don't run around annoying people  
and begging them to give us work, but  
a call for 43 will bring us to your desk  
in less time than it takes to tell it.

We will venture the assertion that  
there is more entitled property in  
Lancaster than any town its size in  
Kentucky. There is also a big lot  
owned by people who want double its  
value. How can a town grow with  
such handicaps? It would be wrong  
to wish that such people were with  
McGinty, at the bottom of the sea.

Old papers for sale at this office.

Green ticket No. 1,005, gets dishes  
at Joseph Mercantile Co's this time.

James I Hamilton has been appoint-  
ed county election commissioner in  
place of John Ballard.

Two Dollar Wheat.

Tuesday's Courier-Journal says:-  
"Two dollar wheat is now predicted.  
Damage to the spring crop by black  
rust is reported. There were sensa-  
tional advances at Chicago and New  
York yesterday."

Meeting at Grove.

The meeting at Grove church clos-  
ed last Sunday. There were a num-  
ber of additions to the membership,  
and the earnest and able preaching  
by Elders Tindler and Garrison, awak-  
ened interest that will result in much  
good for the church.

Dr Murray Not Here This Week.

Owing to pressing business, Dr. Mur-  
ray, the eye specialist, who visits Lan-  
caster every Friday, will not be here  
tomorrow, but will certainly be at the  
Fox Studio next Friday. Dr Murray  
has been doing much work in this  
city, as he is one of the best special-  
ists in this section.

Notice.

The deacons, trustees and members  
of finance committees of the Lan-  
caster Baptist church are requested to  
meet the pastor at the church at 3  
o'clock Saturday afternoon, Sept. 17.  
All the members are invited, we wish  
to discuss plans for our work.

CS Ellis, pastor.

Teacher's Association.

The Teacher's Association of the  
Lancaster District will meet at Her-  
ring's School house Saturday the 24th.  
All friends of education and teachers  
are cordially invited. The exercises  
will open at 10 o'clock. Come and  
bring your baskets. Miss Arnold,  
President, Miss Anderson, Sec'y.

Great Fair.

The greatest fair of the season will  
be that given by the Cynthia Elks  
four days of next week, beginning  
Wednesday. Mr Jas M Allen, the  
gifted editor of the Cynthia Elks De-  
mocrat, is secretary, and he, with other  
hustling Elks, are working day and  
night for the success of the exhibition.  
Low rates are offered by railroads, so  
go and see the best fair of the season.

What Works Against Lancaster.

Yes, its true, there is a lot of old,  
dilapidated, unsightly property in  
town, but most of all of this is so tied  
up in law that people who would buy  
and replace with up-to-date buildings  
are afraid of it. There are a number  
of old eye sores which would quickly  
disappear if hustlers could get hold of  
them, but with shaky titles and out-  
rageous prices, its a tough proposition  
to go up against.

W. C. T. U. Notes.

The ladies are duly installed in their  
new quarters in Storm's Flat. The  
following officers were elected: Presi-  
dent, Mrs R A Stone; Vice-president,  
Mrs Dr Kinnaird; Rec., Secretary,  
Miss Olivia Sweeney; Cor. Secretary,  
Miss Mattie Thompson; Treasurer,  
Mrs Ed Price. Vice presidents from  
the different churches: Baptist, Miss  
Knap West; Presbyterian, Mrs Kirby;  
Methodist, Miss May Patterson; Chris-  
tian, Mrs Fanny Farra. Mrs Rebecca  
West and Mrs R A Stone were appoint-  
ed delegates to the State Convention  
which meets at Mt Sterling Septem-  
ber 30. Mrs Wm Lear and Mrs Fanny  
Farra alternates.

Sired by Lancaster Horse.

A special from Lexington to the  
Cincinnati Enquirer tells of the re-  
markable performance by Evania, at  
the Lexington track last week. She  
is a handsome two-year old brown fil-  
ly, and is by Mr W B Burton's Clay  
King, 2:27 1/2 of Lancaster. This re-  
markable filly, without a pace maker,  
stepped a mile in 2:19 1/2, going the last  
half in 1:34, and the last quarter in  
0:33 1/2. Horsemen, who witnessed the  
performance, say it was the greatest  
mile ever trotted by a 2 year old filly  
in Kentucky as early in the year. Clay  
King, the sire of Evania, is one of  
Kentucky's noted horses, and Mr Bur-  
ton has refused many flattering offers  
for him.

A Monkey and Parrot Time.

The republican convention held at  
the Court House Saturday afternoon,  
proved to be very lively for the partic-  
ipants and more amusing to the spec-  
tators. In the absence of Chairman  
R H Batson, Lewis L. Walker called  
the meeting to order. The house was  
packed with people, and when nomi-  
nations for permanent chairman were  
called for, the names of Mr Walker  
and Capt. Wm Herndon were placed  
before the meeting. Then came the  
fight. Mr Walker stated that the  
convention should endorse Gov Brad-  
ley. The other side stated that they  
were not fighting Gov Bradley, that  
they were there to select delegates to  
Nicholasville. However, it was a  
Bradley and anti-Bradley fight, and  
the speeches were fast and furious.  
When the vote was taken, the Bradley  
side won, wherease and resolved and  
adjourned. The Herndon side then  
held a convention, and another set of  
delegates named. The colored broth-  
er was on hand in full force and sev-  
eral of them made very amusing speech-  
es.

LATER-The convention decided to  
seat both delegations, dividing the  
vote equally. Hon. N D Miles, of Jes-  
samine, was nominated as candidate  
for Congress.

Nicely Entertained at Lexington.

The old Confederate soldiers who  
attended the reunion at Lexington,  
speak in highest praise of their enter-  
tainment. Lexington people are nev-  
er so happy as when looking after the  
comfort of the strangers within their  
gates.

Planing Mill Sold.

Joe E Robinson bought of ST Leav-  
ell & Son, the planing and grist mill  
property, on Crab Orchard street, pro-  
prio, \$2,475. Mr Robinson tells The Record  
that he will sell the plant to a firm  
who will run the planing mill, the  
grist mill and also handle hay, grain,  
coal, flour, meal, etc. He says the  
new firm will buy up the hay in Gar-  
rard, press and send it to the moun-  
tains and other markets always anx-  
ious to get Garrard county hay. The  
plant now has a lot of planing and  
flour mill machinery, and a large  
steam engine.

Continuing With Increased Interest.

The meeting at the Presbyterian  
church continues this week, the house  
being filled at each service "Uncle  
Joe" Hopper is doing good work in  
awakening interest among the church  
members of the town, while his ap-  
peals to those out of the church are  
eloquent and forceful. A noticeable  
feature of the meetings is the regular  
attendance by church members, Chris-  
tians who take the leading part in  
church work, and they drink in every  
word the faithful old messenger of  
God's word utters. A special prayer  
service is held by the ladies in the W.  
C. T. U. Rest Rooms every afternoon,  
and a similar service for men is held  
at same place at 7 o'clock, p. m. The  
Record is requested to say that all  
Christians are earnestly invited and  
urged to attend these prayer serv-  
ices.

Buckeye Teachers Institute.

The Teachers' Association or Buck-  
eye magisterial district met at Free-  
dom church Saturday, Sept. 10, with  
Mr Grover Ross, as president. The  
exercises began at 10:30 a. m. and were  
very entertaining throughout. Mrs  
Amon gave a splendid talk on her  
method of teaching spelling. Mrs  
Gulley read an excellent paper on the  
"Spirit of the Times."

At 12 o'clock we adjourned for din-  
ner, or rather feast, for feast it was.  
All the delicacies of the season, as  
well as the substantial, were served  
to a Queen's taste to the entire crowd  
which must have numbered five hun-  
dred.

At 1:30 we reconvened and the re-  
mainder of the splendid program was  
rendered. Mr L B Ray made a con-  
cise and expressive speech on "Force  
of Habit." Prof Sechrest of Kirks-  
ville, made an address on the subject  
of "The manifold value of money,  
spent in educational purposes." Dur-  
ing the day a petition was circulated  
for the purpose of securing a sufficient  
number of signers to call an election  
on the question of voting a county tax  
of 15 cents on the \$100 worth of tax-  
able property to extend our county  
school term to nine months. This  
movement met with much success,  
and we hope it will be taken up at  
the other associations. The success  
of the association was largely due to  
the untiring efforts of the worthy  
president, Mr Ross, and we feel in-  
debted to Mrs Warner, Miss Emma  
Jones and others for the fine music. It  
was good to have been there.

Miss Ida Ray, Sec'y.

young society people in this section.  
The Record extends congratulations.

Mrs W M Stallings entertained the

time Thursday afternoon. Delicious  
refreshments were served by Mrs  
Stallings, and the afternoon was quite  
an enjoyable one, had it not been for  
the thought that the same crowd  
would never meet again here. Mrs  
Stallings was President of the Society  
and discharged her duties faithfully,  
was always ready and willing to do all  
she could for her church society and  
neighbors. We regret very much to  
lose such a valuable member, but feel

# CENTRAL RECORD.

Issued Weekly. \$1.00 per Year.  
**LOUIS LANDRAM.**  
Entered at the Post Office in Lancaster, Ky., as  
Second-Class Mail Matter.  
Lancaster, Ky., September 16, 1904.

Last year when army maneuvers were conducted here in Kentucky they attracted much interest all over the country. Regular United States troops and militia of various States participated, and it was realized that the proceedings had a practical value by giving both classes of officers and soldiers a lesson in military movements and the science of war that would tend to their greater efficiency in actual battle. This year the maneuvers have been carried on on a much more extensive scale. Many square miles of territory have been leased from the farmers about Manassas. 5,000 regular troops and 20,000 men belonging to state militia forces were on the ground; and in camp, on the march and in mimic battle these soldiers are being taught, so far as can be done without bloodshed, what war may be. But for all these transactions the public cares little or nothing. Its attention can not be held. Across the world war so real and terrible is being waged that imitation military campaigns are so tame and trifling by comparison that the mind does not even rest on them with the relief that contrast affords.

At Manassas General Corbin drove leisurely over the field in an automobile, taking care to be near camp in time for dinner and the later evening social functions: the men have three regular meals each day and 8 hours' sleep in the twenty-four; active duty ends at an early hour in order to permit the officers to dress for dinner. On the far-off banks of the Tai Tse men hungry, possibly starving, fight without ceasing and know no rest by night or day. The dead by thousands lie in heaps and the Russians in their flight leave their own unburied. Slaughtered Japanese, by grim forethought of their commanders, are placed on funeral pyres by Chinese hired for the purpose, and their ashes placed in boxes provided, to be some time shipped to their homes. The battle and the slaughter go on and will not cease until one army or the other is destroyed. It is war, desperate, bitter war that is being waged over there. It is a drama of nations, and while it lasts the world will not look at theatrical maneuvers.

After remaining out of work for many weeks, and causing their employers much trouble and expense, the Chicago butchers and stock handlers were compelled to return to work at less than they were getting when they went out on strike. A labor union is all right in so far as it protects the members in sickness or distress, but they are over-stepping the limit when they propose to dictate to employers. The employers are beginning to fight the strikes, and have won in nearly all cases during the past six months. We are for the laboring man first, when he is reasonable in his demands, but think he should receive some hard blows when he asks for more than his work is worth.

Hon. "Dick" Miller was re-nominated for the Legislature by the Democrats of Madison. The latter displayed judgment, for better legislative timber never grew. Truth of the matter is, Dick would make a mighty good governor, and if the people want young, progressive, hustling men at the head of the state's affairs, they need look no further for a man to warm the woodsack in the big chair at Frankfort.

John Jacob Astor has just completed and thrown open a \$5,500,000 hotel in New York. The rates are \$12.00 per day. This is good news to country editors, as they can now find a place where they can get what they want and not be forced to stop at bum hotels. Mr Astor is certainly very thoughtful of the newspaper men.

The ministers in a city not far away are reported to have adopted a resolution to tell the truth about the dead when called upon to officiate. If they stick to this, some of the inhabitants of that burg will be afraid to die. If they tell even half the truth, those ministers will last about as long as Pat stayed in the army.

An exchange tells of a young man who let his account at the drug store run two years before paying up. When he got a receipted bill he noticed that the first item was chocolate cream, and the last item was a nursing bottle. Which leads one to remark: "Verily, time worketh many changes."

Magistrate Pool, of New York, has ruled, in the case of a bar room brawl, that a man "cannot be disorderly in a saloon." In this he is sadly mistaken. A gentleman will act the gentleman under all circumstances.

## What is Life?

In the last analysis nobody knows, but we do know that it is under strict law. A abuse that law even slightly, pain results. Irregular living means derangements of the organs, resulting in Constipation, Headache or Liver trouble. Dr King's New Life Pills quickly readjust this. It's gentle, yet thorough. Only 25c at McRoberts Drug Store.

## Scarcity of Turkeys.

"There is going to be a falling off in the number of turkeys this fall, if the scarcity of tobacco worms is any indication," said one of our most progressive farmers. "Of course every one in this section is aware that the delicate and delicious flavor of the bluegrass turkeys is imparted by a generous diet of tobacco worms, and the scarcity of the latter this year is going to play havoc with the turkey crop this fall. Why one of the neighbors says that he found four half grown turkeys nearly starved to death in his tobacco field, owing to the absence of worms, and it required the utmost care to bring them around all right."—Ex.

A Fair Offer Made By R E McRoberts  
To All Sufferers From Catarrh.

R E McRoberts is selling Hyomei on a plan that has caused considerable talk amongst his customers. The plan is different from that followed by other remedies but the remedy itself is different also. This treatment for the cure of catarrh has such an unusual record of cures to its credit that R E McRoberts offer to refund the money if it does not give the desired benefit. This is certainly one of the fairest offers that can be made and any one who has catarrh and does not take advantage of it is doing himself or herself an injustice. Do not suffer any longer with tickling smarting, burning, eye-watering, troubles that afflict those who have catarrh. Hyomei will cure you, but if you should not find it adapted to your case, R E McRoberts will return your money.

**Dr. E. H. MURRAY**  
Ophthalmologist.

For the past eight years we have been advertising that Nature and I by the True System of Healing which is called OPTHALMOLOGY, taught only at McCormick Ophthalmic and Neurological College, Chicago, could cure chronic cases of Headaches, Indigestion, Inflamed Eyes, Styes, Granulated Lids, Stomach and Heart Trouble, Nervousness, etc. (which are not diseases, but merely functional derangement,) and if you are still skeptical call and I will give you names of some of my patients who are willing to testify to the above assertion.

Our treatment is simple, rational and harmless, as we take no chances. We do not experiment, use any medicine, operation or the like. We remove the cause and the great doctor, Nature, does the curing.

We claim lots, but prove it by mathematics, actual results and testimony of well patients.

We do not require faith or superstition on the part of our patient. All we ask is for them to follow our instructions, and if the results do not prove as we state we will refund the money.

## EYE EXPLANATION.

If the eye had no connection with the rest of the human anatomy, and was merely an instrument which afforded vision, it would be folly to make such claims, but when you take into consideration that the eyes are nourished by the same circulatory system that supplies the rest of the body, and through the Sympathetic Nervous System would cause functional disturbances of other organs.

When the eyes observe a threatening motion the whole body will dodge, and is it not equally true that if you have defective eyes they demand more than the daily nerve supply; that such a demand would weaken the reserve supply in the brain, or overwork the producing machinery, or both, thus depleting the nerve force or supply, so the other organs could not perform their function properly, which would be as impossible as it would be for a locomotive to pull a heavy train with a little steam?

Sight is as precious to you as life itself. Hundreds of testimonials from satisfied patients are my best advertisements, which I would be pleased to show you.

Whenever you feel uneasy about your eyes do not hesitate to call and see me.

When Pain Balm is kept at hand a sprain may be treated before inflammation sets in, which insures a quick recovery. For sale by Frisbie's Drug Store. 1m

## GOING OUT

Shopping is not always the amusing pastime for women which newspaper paragraphs would have us believe. Many a woman who must needs practice economy attends bargain sales in absolute dread of the eager, jostling crowd which she must encounter. For her back aches at the start, and she knows that she must pay for her shopping with a nervous headache.

Women who suffer from backache, headache, nervousness and other consequences of womanly diseases are cured by the use of Dr. Pierce's Favorite Prescription. This great medicine for women establishes regularity, dries enfeebling drains, heals inflammation and ulceration, and cures female weakness.

"My wife, Mrs. Mary Estes, has been taking your medicine and received great benefit from it," writes Mr. George Wm. Estes, of Springfield, Va. "Was troubled with female weakness, heavy bearing-down pains, severe pain in back and head, and a tired, worn-out feeling all the time. Tried all the remedies we could hear of, but they did no good. Finally we wrote to you and my wife commenced taking 'Favorite Prescription.' Took ten bottles, and is in better health than before in a long time."

The dealer who offers a substitute for "Favorite Prescription" does so to gain the little more profit paid on the sale of less meritorious medicines.

Dr. Pierce's Common Sense Medical Adviser paper covers is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

## Doing Pretty Well.

A Buler county, Missouri man sold 1,000 bushels of old corn the other day for \$1,000, which netted the sum of \$25 for each acre on which the corn grew.

As the land only cost him \$12 an acre he feels that he is doing fairly well on the original investment, especially as he has the ground yet, to say nothing of the future crops that he will have as the seasons come and go.

## Fearful Odds Against Him.

Bedridden, alone and destitute. Such, in brief, was the condition of an old soldier by name of J. J. Havens, of Versailles, O. For years he was troubled with kidney disease and neither doctors nor medicine gave him relief.

At length he tried Electric Bitters. It put him on his feet in short order and now he testifies, "I'm on the road to complete recovery." Best on earth for Liver and Kidney troubles and all forms of Stomach and Bowel Complaints. Only 50c. Guaranteed by McRoberts, Druggist. 1m

In Praise of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

"Allow me to give you a few words in praise of Chamberlain's Colic, Cholera and Diarrhoea Remedy," says Mr. John Hamlett, of Eagle Pass, Tex. "I suffered one week with bowel trouble and took all kinds of medicines without getting any relief, when my friend, Mr. C. Johnson, a merchant here, advised me to take this remedy. After taking one dose I felt greatly relieved and when I had taken the third dose was entirely cured. I thank you from the bottom of my heart for putting this great remedy in the hands of mankind."
